About

Kirkley Gardens is Lithgow's first self care retirement village complex and is privately owned by locals.

After hearing about the lack of over 55's living available in the Lithgow area, Janelle and Ross decided to do something about it, and Kirkley Gardens began.

As locals all their lives and business people for many years Janelle and Ross allocated five acres of their land on the rural outskirts of Lithgow to build Kirkley Gardens.

Kirkley Gardens is designed to create a peaceful, friendly, intimate community that provides a range of options for you as a retiree.

Set on 5 acres of lush gardens with only 29 villas, Kirkley Gardens is a boutique retirement village, where you really become part of the community.

Each villa is private and has spacious front & rear garden areas.

If you are looking to downsize your home, Kirkley Gardens offers a comfortable place to move to.

A tranquil place to forget about the hassles of maintaining gardens and a private place that allows you to choose the lifestyle you want.

Conveniently located close to vital services, you can still enjoy living in an area where natural wildlife abounds and rolling hills surround you.

Kirkley Gardens is the perfect choice if your dream for retirement years includes friendship and a sense of community.
